Thank dad the natural way this year with the [True Botanica](#) line of products. For a strong, sustained, successful workout or for those long, grueling hours spent working in the yard, on the car or around the house, consider True Botanica products to prepare both the mind and the body. Products like the Cardiol Plus™ and Berberine Plus™ prepare the body for intense workouts, while our Real Arnica products help to soothe and restore the tired muscles after demanding physical labor. But the Real Arnica Massage Oil is not only the perfect way to soothe tired muscles and joints, it can also naturally soften the dehydrated dry skin. (Might a hard working MOM be also interested?). There is no other comparable arnica oil or cream on the market. All Father's Day products are on sale now through Father's Day!
