We'd love to give you even more free printables and educational resources for kids, so be sure to [sign up for our email list now](#) so you don't miss anything new.

How to use this resource

Included in this PDF file, there are 4 different difficulty levels of word searches: **Ages 4-5, 6-7, 8-11, and 12+**. For each level, there are 4 pages including: a color version and a black & white version, as well as answer keys.

We did not write any ages or grades on the printable pages because children are often at different reading levels, and these ages are only rough guidelines.

We recommend you scroll through the PDF to find the most appropriate level for your children or students. Then you can just print out the particular word searches that you want in either color or black & white.

You likely don't need to print out the answer keys, but we've included them for your reference.

Have fun!

Susan & Janice

We'd love to hear from you
